

Quality care results from the Family Birth Place at Unity Hospital

PERFORMANCE MEASURE	2009	2010	2011
VOLUMES			
• # of babies delivered	1,261	1,354	1,360

CESAREAN BIRTHS

C-sections may be performed for a variety of medical reasons, such as: health of mother or baby, size of baby, twins or multiple births, failure of labor to progress, or if the mother had a previous cesarean birth.

				NAT'L AVG
• C-section rate	29.8%	32.4%	36%	31.1% ¹

PATIENT SATISFACTION

At the Family Birth Place at Unity Hospital, our patients say they like being cared for by our doctors, physician assistants, and nurses. When experience counts, you can receive the best possible care from our experienced practitioners.

				GOAL
• % of patients who rated the quality of their birthing experience as good or excellent	85.3%	98.6%	98%	100%
• % of patients who would be likely or very likely to recommend the Family Birth Place at Unity Hospital	95.3%	99.3%	98.5%	100%

"The care we received at the Family Birth Place was wonderful. This was my seventh baby—I wish I had all the others here, too!"
